

## 2010 Legislature: Conference Committee Phase for the week of April 12<sup>th</sup> – 16<sup>th</sup>

The Conference Committee (CC) members have been selected. Each bill has its own set of CC members (fortunately, HB 2582 & HB2741 the Senate members are the same). All CC members are not equal, so if you do not have a lot of time - concentrate your efforts to kill these bills on the chair & co-chairs. During the next 4 or 5 days, the Chairs & Co-chairs, must reach agreement on the final language in each bill or the bill dies. If they agree then each chamber must vote on each finalized bill. Approved bill(s) then go to the governor for her signature.

There are no more hearings where public testimony is accepted. At this point, the most effective method to influence their decision is face-to-face by visiting their offices. Write some brief comments on a single sheet of paper so if the CC member is not in the office, you can leave a copy of your comments with his / her office staff.

The 2<sup>nd</sup> best method is to phone. Third is email. Friends and family can help *ESPECIALLY* if they live in one of the 'chairs' district. Ask them to contact the members on your behalf to kill these bills.

***HB2582 SD2 proposes to quadruple the live-aboard fees. Ala Wai & Keehi would have the highest fees in the nation for the least amount of services. The unintended effects of the bill are obvious, some people will move - either to shore or move on. Others will become homeless. There will be a drop in harbor revenue.***
